- Team Work

### ABOUT ME

I am an aspiring Software Development Engineer with a strong foundation in object-oriented programming and web technologies. I have hands-on experience in Java and C++, and I'm proficient in building responsive web interfaces using HTML, CSS, and JavaScript. I enjoy problem-solving, writing clean and efficient code, and continuously improving my skills through real-world projects and challenges. I'm eager to contribute to innovative development teams and grow as a full-stack developer.

### PROJECT

Project Name: Acccounting system

A responsive web app built with HTML, CSS, and JavaScript to manage financial records. Features include data entry forms, a financial dashboard, and transaction logs, with data stored locally in JSON. Styled fully with custom CSS for a clean user interface.

### LANGUAGE

- English
- Tamil

### CERTIFICATION

- NPTEL Operating System
- AWS certification
